- Will not stain from normal household consumable items such as food or drink.
- Will not wear through the decorative surface (scratches or reduction in gloss level is not considered wear).
- Will not fade as a result of direct sunlight or household lighting.
- Will be free of manufacturing defects.

* Light commercial is defined as environments which do not have heavy commercial traffic, where the flooring is not exposed to a heavy commercial maintenance schedule and where the interior temperature and humidity can be controlled and maintained. MOISTURE WARRANTY

The Manufacturer warrants the laminate flooring in its original manufactured state to the original purchaser from the date of purchase, under normal residential use, that the surface, when properly installed, shall be resistant to damage from normal household spills resulting in discoloration or structural decomposition. The Moisture Warranty does not cover flooding, surface water puddles standing more than 72 hours, leaking pipes, household mechanical failures, appliance leaks or pet urine.

RADIANT HEAT (UNDERFLOOR) INSTALLATION:

We warrant to you (the original purchaser) that this laminate may be installed over water-based radiant-heated subfloors, provided the surface temperature of the system does not exceed 81° F, and the relative humidity levels are maintained between 45% and 60%.

IMPORTANT: Due to the speed of sudden temperature changes, which has potential to negatively affect vinyl flooring construction, it is not recommended to install over electrical radiant heating systems. This will not be covered by the manufacturer's warranty. Only radiant heating system using water are acceptable.

Before installing over newly constructed radiant heat systems, operate the system at maximum capacity to force any residual moisture from the cementitious topping of the radiant heat system. Then set the thermostat to a comfortable room temperature for the installation. It is recommended that the radiant heat be applied in a gradual manner after installing the Laminate flooring. Refer to the radiant heat system's manufacturer recommendations for additional guidance.

WHAT THE MANUFACTURER WILL DO

after original purchase.
