For more info visit tasflooring.com

Tandem by TAS Flooring offers you the performance, style and function that you desire in a flooring product. Tandem will serve you and your family for decades.

- **Waterproof** - enhanced core
- **Quiet** - attached pad helps reduce sound transfer
- **Soundproof** – exceeds national HUD guidelines, MF Code requires 50 min IIC
- **Easy-to-install** - angle/angle locking system for easy & fast installation
- **Durable** - low gloss, textured, urethane finish which adds a scratch resistant coating
- **Easy-to-maintain** – caring for your Tandem floor is a breeze
- **Beautiful** – broad range of designer color options to fit your personal style

Tandem Standard and Tandem Wide, offer various looks to fit almost any design concept. Choose the brand that most home builders and consumers prefer. Tandem can work in any room in your home.
