

What is Rigid Core?

Rigid core flooring is made to withstand use. Its strong core allows it to have greater indentation resistance than other luxury vinyl products. The flooring is also enhanced with a protective polyurethane finish allowing it to resist scratches and dents. Rigid core is also waterproof, allowing for installation in kitchens and bathrooms.

New Innovative Construction

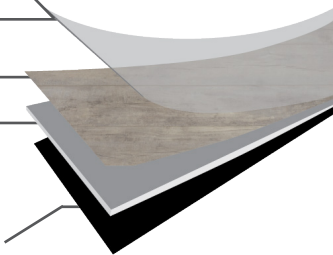

UV Cured Scratch Resistant
Polyurethane Coating, Embossed

12mil Wear Layer

Decorative Film Layer

Rigid Ultra-Stable
Composite Core

Attached Sound Reducing
1mm Cushion

Ridgeline Benefits:

- » No unsightly transition moldings required up to 6400 sf or through doorways**
- » Attached premium pad provides sound deadening qualities
- » Not affected by sunlight and/or humidity (up to 140° F)
- » No acclimation required (if exposed to normal room conditions before install)
- » Low VOC and Phthalate Free -Pet and kid friendly
