

AMBIANCE

LSPC HYBRID LUXURY VINYL ABA RIGID CORE

Quieter, lighter, and highly durable.
Introducing an exciting innovation to the traditional SPC Rigid construction.

Maestro
WIRC0601

Why Ambiance?

The Ambiance collection features a unique ABA construction consisting of two LV "A" layers with a foamed SPC "B" layer. This innovative core creates both a lightweight and dimensionally stable product. Ambiance's lighter construction also allows for more efficient transportation and installation. With an LV top layer, this floor is more compression and indent resistant. Finally, Ambiance's 10 mm overall thickness also provides a more premium experience to the end user.

Specifications

Construction: LSPC Hybrid Luxury Vinyl, ABA Foam Rigid Core
Dimensions: 7.125" Wide x 60" Long, 181 mm x 1524 mm

DID YOU KNOW?

-  **THICKER PLANK**
Ambiance's 10 mm overall thickness allows for minimal transitions to carpet and tile.
-  **QUIETER UNDERFOOT**
Innovative core construction results in a quieter environment and reduces sound transfer.
-  **PEACE OF MIND WATERPROOF**
Ambiance's waterproof core protects against spills and splashes, providing peace of mind within the busiest of households.
-  **INNOVATIVE CONSTRUCTION**
Ambiance's LSPC, ABA construction combines the LVT top and bottom layers common in WPC flooring with an SPC foamed core resulting in a unique, hybrid experience.
