EXPLANATION OF COVERAGE

Material is manufactured conforming to ASTM F1700 Standard for Solid Vinyl Floor Tile.

The Manufacturer warrants the products to be free from defects in material and workmanship, under normal use and service, for the specified length of time from the date of purchase as noted. This limited warranty only applies provided the flooring covered is installed and maintained according to the Manufacturer installation and maintenance instructions.

The Manufacturer recommends all floor coverings be professionally installed for a valid warranty.

Manufacturing Defect Exclusive Limited

The Manufacturer warrants under the Manufacturer Defect Exclusive Limited warranty, from the date of original purchase, the flooring:

- Shall be free from manufacturing defects in material and workmanship in its original manufactured condition.

Material must be checked carefully for defects before and during installation and under sufficient lighting. It is the responsibility of the purchaser and/or installation professional to inspect all material. If, during inspection, the material is thought to be the wrong product, incorrect color, improperly manufactured, is off-grade, visibly damaged, and/or incorrect gloss level, it must **NOT** be installed under any circumstance. Visual defects must be visible from a standing position and a minimum of one square inch. The retailer must be informed in writing of such defects within 30 days. After this time has elapsed, no further claims will be accepted. Material installed with known defects shall be deemed visually accepted and no longer covered by warranty.

WARRANTY COVERAGE

The Manufacturer warrants that the product:

- will be free of manufacturing defects;
- will not wear through the decorative surface (scratches or loss of gloss is not considered wear);

WARRANTY OWNER

This warranty extends only to the original purchasing end-user. The Manufacturer’s warranties are non-transferable. No installer, retailer, distributor or agent may alter the obligations or limitations of the warranty.

INSTALLATION OVER RADIANT HEAT SUBFLOORS

The Manufacturer warrants that this flooring may be installed over water-based radiant-heated subfloors, provided the surface temperature of the system does not exceed 85° F.

IMPORTANT: Due to the speed of sudden temperature changes, which has potential to negatively affect vinyl flooring construction, it is not recommended to install over electrical radiant heating systems. This will not be covered by the manufacturer's warranty. Only radiant heating systems using water are acceptable.

Before installing over newly constructed radiant heat systems, operate the system at maximum capacity to force any residual moisture from the cementitious topping of the radiant heat system. Then set the thermostat to a comfortable room temperature for the installation. It is recommended that the radiant heat be applied in a gradual manner after installing the Luxury Vinyl flooring. Refer to the radiant heat system's manufacturer recommendations for additional guidance.

WHAT YOU SHOULD DO IF ANY OF PROBLEMS OCCUR

The original warranty owner should notify the authorized dealer from which the original purchase was made of any defect, no later than 30 days after discovery, and within the specified duration of this limited warranty. The original warranty owner must present to that authorized dealer the following items for a limited warranty claim to be considered:

- valid proof of purchase in the form of sales receipt which establishes proof of purchase.
- detailed description of the problem, photograph(s) and/or a sample that clearly shows the flooring concern.

WHAT THE MANUFACTURER WILL DO

If the Manufacturer honors a claim under this limited warranty, they will authorize repair or replacement at the pro-rated percentage cost of the material. This percentage is determined by the number of years remaining on the warranty and the length of the warranty.

For example, if the claim is made 3 years after purchase on the Manufacturer's product warranted for 15 years, then the Manufacturer will pay 80% (12/15th) of the material.

If professionally installed by a certified flooring installer, the Manufacturer will pay the reasonable labor costs to perform the replacement or repair during the first 3 years from the date of the original purchase. No labor shall be included for claims later than 36 months from original purchase.
